

ComEd Announces LaGrange Road Utility Relocation Work

ORLAND PARK – ComEd has announced that beginning the week of February 18, the utility and its contractors will relocate various overhead utilities from just south of 135th Street to 135th Street along LaGrange Road and along 131st Street, west of LaGrange Road.

There may be intermittent temporary lane closures during this time.

ComEd's relocations are being done in preparation for the LaGrange Road widening and reconstruction project being led by the Illinois Department of Transportation and scheduled to begin later this year.

All businesses and side streets will remain accessible during the relocation work.
