**2015-0437 Village Code Amendment Title 9 Chapter 7 Parking - Resident Only Parking Tow Zone and Valet-Only Parking**

On June 16, 2015, a Community Meeting was held in Old Orland between Village Officials, Old Orland Residents and Old Orland Businesses to discuss local matters concerning area parking. While recent Village Code amendments were discussed that allowed additional public parking opportunities on Brook Avenue (north of the alley on the east side), the meeting concentrated on business patron behavior in the neighborhood. It was noted that loud noise and litter from pedestrians walking to and from parked vehicles was a persistent evening nuisance, continuous parking in resident-only parking areas was a problem (over 100 parking tickets were issued, indicating citations were not changing parking behavior) and limited parking capacity on Union Avenue/ 143rd Place was a constraint for local commerce.

At the meeting, various solutions were discussed by residents and businesses to help alleviate these problems. The solutions included two main ideas: the implementation of a tow zone in the resident-only parking areas and the implementation of a valet service for local businesses. Each of these items is discussed below in further detail and are proposed as solutions carried forward from the community meeting.

**Resident-Only Parking Tow Zone**

The proposed Village Code amendment outlined below describes the implementation of a new towing arrangement for the Old Orland neighborhood that has Resident Permit Parking (144th Street, 143rd Place, Brook Avenue) per Village Code Title 9 Chapter 7 Parking (9-7-8-5). A tow zone is proposed for this same area as a deterrent measure to more effectively enforce parking restrictions. It is anticipated that upon seeing signs informing area visitors that violators will be towed, business patrons will park vehicles outside the neighborhood in general public parking areas or in the Metra commuter lots north of 143rd Street. The deterrent measure should precipitate a decrease in issued citations as business patron's park elsewhere.

The following provision is a new provision to the Village Code and reads as such:

9-7-8-6: Resident-Only Parking Tow Zone:

Any vehicle parked on the street at the following locations in violation of the posted parking regulations are subject to towing and fees, along with related parking fines, except for those vehicles displaying a valid permanent or temporary Orland Park Parking Permit on the front dashboard or front windshield of the vehicle:

Brook Avenue from 143rd Street to 144th Street, both sides except for the east side, north of the alley;

143rd Place from Brook Avenue to West Avenue; and

144th Street from West Avenue east to the viaduct on the north side of the street.

Valet-Only Parking for Area Businesses

The proposed Village Code amendment outlined below describes the implementation of a new valet-only parking arrangement for Old Orland businesses. To better accommodate the needs of area businesses with resident concerns, the Village and area businesses have been promoting the use of the Metra commuter parking lots north of 143rd Street. However, the proximity of the commuter parking to the Union Avenue businesses is a concern, especially considering the high traffic volume and 5-legged intersection pedestrians must cross at the 143rd Street, Union Avenue and Southwest Highway intersection. As a result, some area businesses, like Dwan Hookah Lounge, have proposed the use of valet parking services to help mitigate local parking congestion and move patron parking to general public parking areas and the commuter parking lots. This will help alleviate resident concerns regarding business patron behavior walking to and from parked vehicles in the area (loud noises, litter etc.) and also the traffic and parking congestion experienced by the immediate area, while at the same time offering patrons easy access to the local businesses, reducing proximity of travel, and eliminating concerns for crossing a busy 5-legged intersection.

To effectively implement a valet parking service, however, street frontages along 143rd Place must remain clear of parked vehicles so that patrons can pull up to the establishment and allow the valet service to move the vehicles. As a result, Valet-Only Parking signs are required within the public right-of-way in support of this activity to keep it clear for parking opportunities.

The Dwan Hookah Lounge has indicated that to effectively serve the establishment, valet-only parking will have to extend from its west property line to its east property line across the full frontage of the establishment at 9925 West

143rd Place. This will enable short term parking for the purposes of staging vehicles in preparation for their removal to either general public parking areas or the commuter Metra parking lot.

The following provision is included as a new provision to the Village Code and reads as such:

9-7-8-7: Valet-Only Parking:

The following described parts of streets which are located in areas zoned for commercial use are designated for "valet parking only" from 5 p.m. to 1 a.m., Monday through Sunday, unless other days or times are specified below:

143rd Place - from the west property line of 9925 W. 143rd Place to the east property line of said real estate.

I move to approve the proposed Village Code amendments cited in this staff report for Title 9, Traffic, Chapter 7, Stopping, Standing and Parking Regulations, Section 8, Residents Parking Only, Subsection 6, Resident-Only Parking Tow Zone, and Subsection 7, Valet-Only Parking, prepared by the Development Services Department and dated July 20, 2015.

**This matter was APPROVED on the Consent Agenda.**

**DEVELOPMENT SERVICES, PLANNING AND ENGINEERING****2015-0269 Porsche - Acura of Orland Park Expansion**

The petitioner proposes to re-subdivide two existing lots and amend a special use permit in order to accommodate new building additions on both the Acura and Porsche buildings, and to expand the existing parking lot by installing underground storm water vaults and capping the existing detention pond with an asphalt parking lot.

The general framework of the Site Plan will remain as is, with changes necessary to accommodate additions and new parking. The parcels will be re-subdivided so the building additions will conform to building setback requirements. Buildings are set back away from the street as the Code required at the time of original construction. Vehicular circulation patterns will remain as established, shifting some driveways to accommodate the building expansions. Pedestrian access is via a sidewalk along 159th Street; however there is a sidewalk gap along the front of the unincorporated storage lot to the west that is leased by the dealerships.

The petition proposes two phases of development. Phase I includes all new building additions for both Acura and Porsche, and Phase II includes the capping of the detention pond and the parking lot expansion. However recent discussions have suggested Phase II may or may not be constructed.

Overall the project conforms to the Village's Comprehensive Plan, Land Development Code, and policies for the area with the exception of the listed conditions and modifications.

I move to approve the site plan, elevations, re-subdivision and special use permit amendment with modifications for the Porsche - Acura of Orland Park located generally at 8100-8150 159th Street; as recommended at the July 20, 2015 Development Services Committee and as fully referenced below.

1. Submit a Final Landscape Plan, for separate review and approval within 60 days of final engineering approval.

- a) Increase and enhance existing plant material to provide a fully developed Type 'D' 30' wide landscape buffer along entire north lot boundary, to be completed in two phases. Phase I will complete the buffer from the western property line to the

- b) Provide foundation plantings along the front façade of both building additions.
- c) Add trees/shrubs to new landscape islands in front of Porsche building.
- d) Provide a tree survey for any trees exceeding 4" in caliper that will be removed and provide tree mitigation as required by Code.

The Village of Orland Park has reached an agreement to purchase the property located at 10100 W. 159th Street in Orland Park. The property consists of approximately 1.51 acres of real estate for open space purposes. The purchase agreement is for fifty-five thousand dollars (\$55,000.00). The Village has paid \$5,500.00 in earnest money and agrees to pay the balance of the purchase price upon closing which is anticipated to occur on August 14, 2015.

Village Attorney Friker stated that the Village has been negotiating to acquire this parcel of property on the north side of 159th Street for some time. He explained that this property is being purchased "as is" at a substantially reduced price from the mortgage lender that foreclosed on the property. This property has no

representation or warranties other than the seller (the bank) have no notice of any environmental conditions that would prevent this sale. This purchase is being made from the Open Lands funds.

#### **BOARD COMMENTS**

The entire Board commented about the Taste of Orland that took place this past weekend at the Village Center. Over 60,000 people came through the Taste this year. A big hit was the design of the pocket size brochure that directed patrons where the different food booths were located, what type of food was offered at their booth, and prices. Included in that brochure was a map of the entire site with time schedules for the different events and entertainment. The entertainment was amazing the entire weekend as was the weather. It was noted that there were all different types of booths setup this year, but especially happy to have a booth for

the Vietnam Veterans, where many veterans stopped by and talked. Compliments to all staff for a great job and well organized event!

TRUSTEE CARROLL – Stated that he had received and reviewed the staff report from the Aquatic Center and was amazed at the amount of rescues that there are at the pool. He congratulated and thanked staff for their dedication and hard work.

TRUSTEE CALANDRIELLO – Reminded everyone that Saturday, August 8th Pandemonium returns to Orland Park located at Centennial Park West. Registration is still available for this event.
