No Action Necessary In Response to FirstEnergy Solutions Mailing

FirstEnergy Solutions, the village's electric aggregation program supplier, recently mailed a notice to all program participants. It is the "Illinois Annual Notification for Government Aggregation."

This notice is required by ICC regulation, simply to inform ratepayers once annually, of the program in which they are enrolled.

Note that residents need not do anything. There are not changes to the program and no action needs to be taken. This is simply a required notice.
