

LaGrange Road Widening Construction Update

WEEK/S OF: March 14, 2016

SCOPE OF WORK:

All work described and scheduled is highly weather dependent and may change day to day.

147th and LaGrange

Beginning Thursday, March 16, village crews will be removing an old sign foundation in the median of 147th Street at LaGrange Road. The inside lanes in the east bound and west bound directions will be temporary closed until the foundation is removed. One lane of traffic in each direction will be maintained.

Temporary lane closures are permitted throughout the day except between the hours of 2:30 p.m. and 6:30 p.m. There will be times when the contractor will be working both night and day. Instances may occur when temporary lane closures may extend past 2:30 p.m. to allow the contractor to complete a certain phase of work. Saturday work is permitted. No lane closures are allowed on Saturdays between 11 a.m. and 2 p.m.

As a reminder, irrigation systems are the responsibility of the business/property owner and are not part of the JULIE locating system. Irrigation systems located within the existing or proposed ROW or easements need to be identified and in some cases relocated by the business/property owner. Thank you in advance for your cooperation.

Questions may be directed to: <http://www.dot.state.il.us/US45lagrange/index.html>. Updates, as they become available, will be posted on IDOT's website as well as the Village of Orland Park's site at www.orlandpark.org.

LaGrange Road (US Route 45) is a north-south arterial highway that travels through the center of the Village of Orland Park, small portions of the Village of Orland Hills, along the western edge of Tinley Park and parts of Palos Park. It is a primary roadway that provides access to shopping and employment as well as access to Interstate 80.
